## Video/Photo Permission Form

Carla Takach, Danica Farrell and Gina Farrell are completing their masters program and are seeking your permission to use video and photos captured of you child engaged in work at school. To the best of our ability we have attempted to capture your child from behind so their face is not in full view however, this isn't always easy and there may be face and side view shots of your child from time to time particularly in video format.

Our current instructor will only view our current project but we may also use the video/photos in our final masters project as well and this will be made public to the education community. Thank you for your consideration.

I \_\_\_\_\_ give my permission for my child  
(Parent's name please print)

\_\_\_\_\_ 's image to be captured in photo or  
(Student's name please print)

video format for the use in the above named teachers masters project work(s).

Signed: \_\_\_\_\_  
(Parent's signature)

Date: \_\_\_\_\_
